Dear Patients and Friends,

In these uncertain times, we want you to rest assured that we at Cyr Chiropractic Center are taking the COVID-19 situation very seriously and are implementing several protocols to keep our staff and patients safe.

1. We will be disinfecting all treatment rooms thoroughly between patients, including all medical equipment and tables.
2. We will be cleaning and disinfecting the reception room and bathrooms multiple times per day including all surfaces and doorknobs.
3. We are removing all magazines and children's books from the reception room.
4. We will maintain our normal hours, but we will stagger appointments, and we will move furniture and equipment in the reception room and therapy areas to keep social distancing.
5. If you are having flu-like symptoms, we ask that you please re-schedule your appointment and stay home.
6. If you have a fever, we ask that you please re-schedule your appointment and stay home for 24 hours after your fever goes away.
7. If you are elderly and concerned about exposure, let the staff know when you make your appointment, and we will schedule you at a time when there are no other patients.

We understand everyone's concern and feel that continuing your treatment schedule is a vital part of your good health. Remember, Chiropractic care is important to not just feel good, but to stay healthy. Besides washing your hands, staying home if you're sick, eating right, and hydrating, we want everyone to continue as normally as possible. We are here to help!

If you have any questions or concerns, address them to me directly at [docmcyr@aol.com](mailto:docmcyr@aol.com).

Yours In Recovery, Revitalization & Wellbeing,

Dr. Chris Cyr & the Entire Team at Cyr Chiropractic
